PREFACE.

S. MAW & SON, in publishing a QUARTERLY PRICE-CURRENT, have found it necessary for the convenience of the Trade to issue, as an accompaniment, a BOOK OF ILLUSTRATIONS.

Having had so many proofs of the value of Illustrations in former Catalogues, and received such flattering acknowledgments of their utility, S. M. & SON have added to their number considerably in the present work, and spared no expense to render it as complete as possible.

S. MAW & SON, in submitting this Volume to the attention of the Trade, tender their sincere thanks for the liberal support hitherto received, and earnestly solicit a continuance of the same.

LONDON, *January 1st*, 1869.

S. MAW & SON'S

BOOK OF ILLUSTRATIONS.

Arranged in Parts, as follows:—

PART I. comprehends **SURGEONS' INSTRUMENTS** and **APPLIANCES**, also **INSTRUMENTS FOR VETERINARY PURPOSES**, arranged under their respective heads: these are on such constructions as are supplied to the principal Public Institutions, and include those recently introduced, which have received the approval of competent authorities.

PART II. comprises the **APPARATUS, IMPLEMENTS, UTENSILS**, and other requisites employed in Pharmacy, the Dispensing of Medicines, &c., Medical Glass and Earthenware, Medicine Chests, Proprietary Articles, Perfumery, and Druggists' Sundries of all kinds, arranged alphabetically.

PART III. consists of **SHOP FITTINGS, COUNTERS, GLASS CASES, DESKS, SHOW STANDS**, &c., adapted for Druggists, Perfumers, Jewellers, and others.

DENOVAL'S SUPERIOR MEDICINAL CAPSULES. International Exhibition, 1862, Class 2, No. 651.

The attention of the Medical Faculty and of Chemists is requested towards a *new remedy*—the PERUVIAN MIXTURE CAPSULES, composed of Balsam of Peru, combined with the most active agents, which will be found of the greatest efficacy.—Our Capsules are still unsurpassed in quality, and unequalled in beauty and finish. They are easily dissolved in the most delicate stomachs, without any effort (the envelope being of gum, sugar, and gelatine); they are very superior to those of *gluten* or *membrane*, which frequently pass through the stomach without dissolving, or are thrown up after having uselessly fatigued the stomach.

Peruvian Mixture Capsules, extra large size (red label), octagon-shaped boxes, 12s; Peruvian Mixture ditto, ordinary size (yellow label), 6s; A very superior extra large Copiba Capsule, 3s per box (French label), Dozen of oval boxes, 9s. ORDINARY SIZE:—Mitico and Copiba, a new remedy, 12s; Citrate of Iron and Copiba, 8s; Tannin and Copiba Capsules, 8s; Copiba ditto, No. 1 (green label), 6s; Ditto ditto, No. 2 (blue label), 5s; Ditto ditto, No. 3 (white label), 5s; Copiba, Pepsine, and Bismuth ditto, 12s; Cubebe Oil and Copiba ditto, No. 1, 8s; 6s; Copiba, Alum, and Cubebe, 7s; Compound Ferruginous Capsules, 7s; Copiba and Kathany, 7s; Copiba, Cubebe, and Kathany, 7s; Cod Liver Oil, No. 1, 7s; Cold-drawn Castor Oil ditto, No. 1, 5s; Male Fern Oil, 12s; Turpentine Capsules, 7s; Norwegian Tar, 7s.

CAUTION.

ROBERT WATERS'S QUININE WINE, guaranteed to contain in each wine-glassful one grain of the finest Sulphate of Quinine.

IN A CAUSE lately instituted in the High Court of Chancery, by Robert Waters against certain manufacturers of an article called Orange Quinine Wine, which has been sold with a label stating "each wine-glassful guaranteed to contain one grain of the purest Sulphate of Quinine."

The defendants admitted on oath, notwithstanding such statement, that no Sulphate of Quinine is used in the manufacture of their Wine.

The guarantee given by ROBERT WATERS with every bottle has earned for his QUININE WINE its world-wide celebrity; and, as the efficacy of the Wine as a tonic depends on the quantity and quality of the Sulphate of Quinine held in solution, the public are CAUTIONED against spurious IMITATIONS, and being misled by the unscrupulous statements of other manufacturers, and to be particular that they purchase none other than ROBERT WATERS'S QUININE WINE, in bottles, with capsules and labels bearing his trade mark, without which none is genuine.

WILLIAM MOOR,

40, BELGRAVE GATE, LEICESTER,

The only surviving Member of the Family, begs to return his sincere thanks to both his Wholesale and Retail friends for the kind and liberal support so long bestowed on him, and to inform them that he continues to Manufacture all the various sorts of Plaisters in the same manner as formerly, at the lowest possible prices, and that they can be supplied in any quantity at the shortest notice. He exhibited his Plaisters in 1862, in conjunction with the Pharmaceutical Society, and a Medal was awarded them for the excellence and purity of their articles. Should there be any difficulty in procuring them, he would recommend parties to write direct, as often many inferior makes are sent for his, especially Adhesivum and Ceratum Saponis. It having come to W. M.'s knowledge that many persons are substituting other makers for his, he would call attention to the Superiority and Cheapness of his DREADNOUGHT PLAISTER, *over that of all others, made from the Original Recipe*; also his ADHESIVE, on Dowlas, or HOSPITAL PLAISTER, *also made from an Original Recipe*. He does not advertise his prices, but lists may be obtained either of himself or Messrs. R. H. MILLARD & SON, Patent Medicine Warehouse, 44, Barbican, London, Sole Agents.
